

KHYATI SCHOOL OF ENGINEERING

Report on “Engineering – कल, आज और कल”

Khyati School of Engineering, Shahibaugh had organized a 3 Days (26th to 28th September, 2019) Engineering Awareness Program for the 10th Standard students of Amrut High School. The purpose of this program is to promote and enhance students understanding of the engineering courses along with traditional and latest technologies.

In this program, students were brief about different hardware components, current and future job opportunities in engineering field. Students were also aware about different engineering models like Li-Fi Technology, Magnetic Crane, Hydraulic Crane, Solar House Project, LED Dice Project, Bridge Model, Load Balancing Activity with A4 Size paper and Bridge Model Concepts. This program really helps them for understanding basic engineering branches awareness. It was just a Complete, Practical base and knowledgeable program.
